## **Mandatory Vision Screening for Grades Pre-K 3, PreK 4, K, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup>, and 7<sup>th</sup> Grade- Even if You Have an Eye Doctor Consent Forms are Due Now**

Good vision plays an important role in your child's education. For that reason, students in Louisiana are required to receive vision screening at school in Pre-K, Kindergarten, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup>, and 7<sup>th</sup> grade. All other grades participation are optional. Many childhood eye problems can be improved if identified and treated before age eight.

This is our 4<sup>th</sup> year, partnering with the Lion's Club as they screen our students using the Plusoptix screener. Their Cuh Sight Program is available this year (for kids under 6) and their new Sight for Kids Program (for kids over 6). Advantages of the Plusoptix screener include greater reliability than manual screening in a fraction of the time. The Plusoptix screener uses infrared light that is totally harmless to the child's eyes. Screening is performed one meter away from the child in less than one second. The student's face covering remains on during screening. This device provides simultaneous measurement of both eyes (binocular). Screening does not rely on the student's ability to concentrate on the screening, respond to screening questions or have dilated eyes. This also creates a socially distant acceptable method of screening that is a very low risk to our students.

This is a mandatory screening for student in Pre-K, Kindergarten, 1<sup>st</sup>, 3<sup>rd</sup>, 5<sup>th</sup>, and 7<sup>th</sup> grade. Because the Lion's Club is not a part of regular Sacred Heart Faculty and Staff, a signed consent must be filled out and returned to school before the screening. Please fill out the consent form attached. Sacred Heart staff always monitors the screening. The screening will occur later this month. Please return your student's consent form no later than Wednesday, September 21<sup>st</sup>. If you object to this screening, please notify me in writing via e-mail ([lgp@searh.com](mailto:lgp@searh.com)).

Above is a picture of what your child will see. The student is asked to look at the nose on the happy face and that is it!

#### Screening Results

Plusoptix Vision Screening devices provide reliable measurement values of:

Full refraction recording, i.e., sphere, cylinder, and axis for follow-up examination

Pupil diameter and pupil distance

Symmetry of corneal reflexes

With these measurement values it is possible to detect e.g., following most prevalent childhood vision disorders that may lead to the development of amblyopia (lazy eye), Hyperopia (farsightedness), Myopia, (nearsightedness), Astigmatism (blurred vision), Anisometropia (unequal refractive power),

Anisocoria (unequal pupil size), Strabismus (Eye misalignment) and Media opacities (e.g. cataracts or corneal scars)

With the determined measurement values compared to age specific thresholds, a "Pass" or "Refer" vision screening result is displayed.

Children with a "Refer" result will be manually screened and verified by before the need for professional follow up is recommended.

Please remember, this is only a screening. It can be a useful tool to identify the need to see an eye care professional for a full eye examination. Consents will be sent home today. Please return them in a timely manner.

Wishing you a healthy week ahead,

Nurse Geri

***I, the undersigned, hereby give permission for my child, \_\_\_\_\_, to participate in the LLEF CubSight Vision Screening. I understand the following regarding this program:***

1. The information obtained from this vision screening is preliminary and does not constitute a complete vision exam. 2. There is **no charge** to participate in the vision screening. The screening is done using a camera that takes a picture/reading of your child's eyes. No medication is needed to complete the screening. The screener stands approximately 3-4 feet away from your child.
3. The LLEF CubSight screener or volunteer may take a picture of my child which could possibly be used in future CubSight promotions.
4. If my child is referred, I am responsible for arranging a complete eye exam by a vision professional.
5. If my child is referred and examined by a vision care professional, the examiner should release the results of my child's exam to the CubSight Program and to my child's school/day-care. These results may not remain confidential as they will be shared with my child's school/day-care administration, the CubSight office staff, and participating Lions Clubs.
6. I will not hold the Lions Club organizations, the LLEF CubSight Program, or the Louisiana Lions Eye Foundation accountable for any errors or omissions obtained by this screening.
